Missionary Spotlight– Dan & Ann Tice
Finishers in Spain

My Trigeminal neuralgia continues to be painful. My neurologist has been helpful to have some less incidents but I am frequently reminded that the pain is not gone. We had a lovely three weeks with family and Central even though I had pain frequently. The center remained open because we have two couples regularly helping us and they were able to continue but with reduced hours open.

With summer’s heat now on us (Virginia’s temperature with little air conditioning) and many North Africans traveling to visit their families we will likely see less different individuals but should have more individual time with some. We look forward to this season in spite of the summer heat.

Pray that believers would maintain their passion for Christ during the lazier hot summer months and that we would be a good example to them. Pray for the group that meets in two towns in Morocco, the two different groups that meet in The Gambia, the group that meets in Ghana, and the group that meet in a town 45 min from us in Campohermoso, Almeria, Spain. And pray that we encourage them well.
Bless you good!
Dan & Ann Tice
